

Clevertronics

SIMPLIFYING EMERGENCY LIGHTING for Correctional Centres

Providing **emergency lighting guidance** and **support** for **Correctional Centres**

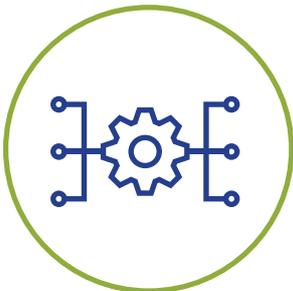

Unlock the complexities of correctional centre operations. Given limited site access, rigorous security protocols, and demanding product requirements, achieving compliance with emergency lighting standards can be a formidable task without specialised expertise.

Fortunately, technological advancements have paved the way for simpler, cost-effective, and smarter solutions. Now, correctional centres can confidently check off emergency lighting maintenance from their routine tasks and rest assured in meeting regulatory requirements.
